

BUSINESS SPOTLIGHT

Dumas Economic Development Corporation is constructing a Business Spotlight page on its new website. We feel it is extremely important to educate people on what is available in the community in order to insure more money is spent locally. Each month, a different Dumas business will be spotlighted under the “Existing Business” tab, with a headline listed under the “In the News” tab on the main page. Each spotlight will be posted for one month, where it will then be placed into an archives section for continual retrieval. Once we have loaded the information, you will be notified that it is posted on our website. This program will be available so long as we have interested local businesses participating. We will screen the submissions and notify you of our selection. Interested businesses should email the following information to running@dumasedc.org in order to be considered:

Business Name
Owner Name
Address
Phone
Email
Web Address
Fax

Services Offered
Hours of Operation
Photo of Business
JPEG of logo

Applicants must provide a description of their business in 200 words or less with some mention as to why Dumas is a great place to live, work and do business. Applicants comments may be used in other Dumas Economic Development Corporation marketing materials and the author may be cited.

Applicants must indicate that they give Dumas Economic Development Corporation permission to use their name and comments in future materials.
